STATEHOOD IS POSTPONED

It Served Republican
Political Purposes
Best to Delay.

STRICT PARTY VOTE

House Had Assurances That the
Senate Would Not Permit It
to Pass.

Washington, June 14.—The senate committees on territories today decided to take up for consideration early in the next session of congress the omnibus statehood bill, admitting to the union the territories of Oklahoma, New Mexico and Arizona. The decision was reached upon motion of Senator Nelson and the motion was adopted by a strict party vote, the Republicans voting in the affirmative and the Democrats in the negative. The vote was preceded by two votes on motion made by Democratic members looking to the consideration of the bill during the present session. The first of these motions was to take up the question on next Wednesday. This motion was made by Bate and voted down, the Republicans voted unanimously in the negative and the Democrats in the affirmative. A motion by Bailey to report the bill today met a like fate on a party vote. The Democrats opposed the last motion on the ground that its adoption would preclude the possibility of considering the bill this session.

Republicans Hopelessly Divided.

For sometime past the Republicans of this city have been lining up their forces for the primary that takes place today, and each candidate and his friends have been putting forth every effort to land their men, and changes and counter changes have been made so there will be a hot time in the convention that meets here Wednesday. There seems to be two factions, the silk stockings and the common people. It is not our fight, but we would like to see the Republicans nominate a good clean ticket of honorable men, like the Democrat convention did, and then if the people should happen to make a mistake and elect a Republican we would have good officers. This is what we want in the new country. The Republican papers do not hesitate to say that the Democrat ticket is a strong one and if the Republicans do not nominate capable, honorable men, we predict the election of the entire Democrat ticket by 500 majority.

There is no hope for Republican harmony next Wednesday in their county convention. Things have gone too far for that but then there are good Republicans that are willing to be sacrificed to fill out the ticket with and it is our desire to see good men on both tickets.

Teachers Annual Institute.

The first annual session of the Caddo county Teachers Institute will convene June 23 1902 in Anadarko and will continue four weeks.

It is of great importance that every teacher in the county and every person expecting to teach in the county should be in attendance at this Institute. The foundation of a system of public schools is being laid; the efficiency and success of the system to be established will depend largely upon the zeal, scholarship and professional skill of the teachers who are to direct the work in the different school-rooms. The aim of our Institute will be to strengthen teachers along this line. The best attainable talent for instruction has been secured, and their aim will be to conduct the exercise so as to create enthusiasm to give educational inspiration; and to exemplify the best methods of instruction and discipline.

Again we urge all teachers and friends of education to enroll with us. We will do our best to make your sojourn in Anadarko pleasant and profitable. The Reading Circle and Association work will be organized and the course of study will be examined and

discussed. The examination for certificates will be held largely upon the work done in the Institute. No other regular examination for county certificates after the Institute will be held until October, for this reason it is very necessary that all persons desiring positions as teachers should come and take the Institute work and examination at its close.

Arrangements for board at reasonable prices will be made. For further information address the county superintendent—
C. W. TURNER, County Supt.

The Democrat ticket, so far as the editor of this paper is acquainted with the men placed thereon is exceptionally good, and the Republicans will have to put up a clean ticket to beat it. The only fault the Weeks Review has to charge against those who were chosen from this vicinity is that they were the wrong political livery.—
Apache Review (Republican.)

New Rock Island Wall Maps.

A new wall map of the United States has just been issued by the Rock Island Passenger Department. These maps are complete in every detail and have been revised up to date. They are three and one half by four feet, printed in black and yellow on heavy paper, being bound suitably to hang on the wall. They are a very attractive map and especially useful for reference. The Rock Island has sent out a large number of these maps to hotels and public places and many requests for them from its friends and patrons have been complied with.

Great Victory.

The Anadarko Base Ball Club went to Hobart yesterday and returned last night with the scalp of the people of the little town to the west of us dangling at its belt. Score 6 to 5. The game was a great one from start to finish and demonstrated clearly that Anadarko has one of the best teams in the Territory. The additions to the team and the shifting of players has borne fruit. The boys are rounding into form and from now on may be expected to give a good account of themselves and make Anadarko proud of them. The city should support the team as nothing gives a greater return on the investment than a good ball team. The team as lined up yesterday was composed of the following, Hunt c., Hendry p., D. Brown 1st b., Campbell 2nd b., Wills 3rd b., Atkins s.s., Powell r.f., Elkins c.f., Moonlight l. f.

Among the features of the game were the pitching of Powell who was put in in the ninth inning striking out three men, and the home run of D. Brown.

About 300 went on the excursion with the team and brought back something like \$400 taken from the Hobart sports. One local enthusiast bet \$10 to 50c. Hobart plays a return game here next Sunday. Anadarko will take part in the base ball tournament at Hobart July 3rd and 4th and endeavor to carry off the \$100 prize.

The mosquitoes are making life miserable to all who get north of the river. One carriage load came in yesterday with their heads wrapped in laprobes for protection against the swarm of mosquitoes following them. We will now be praying for dry weather to destroy these pests.

A very pretty wedding was that of Miss Daisy Dean daughter of Mr. and Mrs. Arista Flanagan of east C street to Mr. Edwin W. Peters yesterday afternoon at four o'clock. It was strictly a home wedding only the families of the contracted parties and a few intimate friends being present. The young couple will spend the next two weeks at the home of the bride's parents until their dwelling on their claim near Verden is completed after which time they will make it their home. The popularity of this young couple was evidenced by the many valuable presents they received. The Democrat joins their many friends in wishing them a long, prosperous and happy union.

In order to increase trade during hot weather I am going to sell to-morrow only, 20 lbs granulated sugar for \$1.00. Polke best tomatoes 2 for 25c. American Indigo Prints 5c per yard and other things reduced accordingly.
